## Search Engine Optimization & Fueled Content Support (SEO)

Search engine optimization (SEO), is the foundation to every website, and should be the foundation to every good marketing plan. SEO is often undervalued and misinterpreted simply as a suggestions tool to move pages slightly higher in search results. In reality, it is a treasure trove of data and information that can help website owners both keep track of their own site, as well as provide key insights into the performance of competitors. Before you spend money driving paid media to your website, it is critical to ensure that you have a good handle on your SEO efforts—good news—we’re here to help!
